# Car Builder Deluxe

Optimum Resource is proud to present the new Hybrid Direct Drive Windows XP/Vista and Mac OS X native versions of its award-winning program, *Car Builder Deluxe*. Sophisticated, yet easy to use, *Car Builder Deluxe* appeals to children ages 8 and up, teenagers and adults who are fascinated by cars.

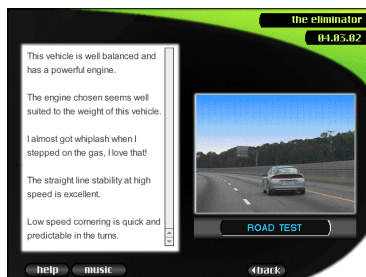

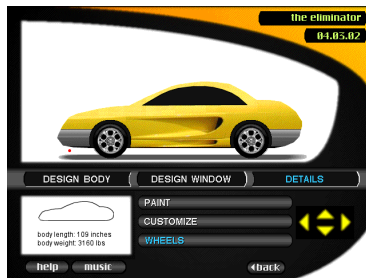

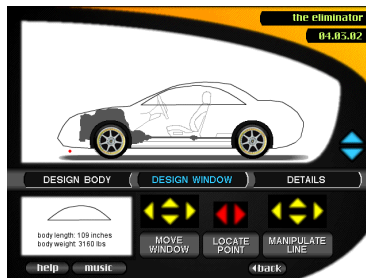

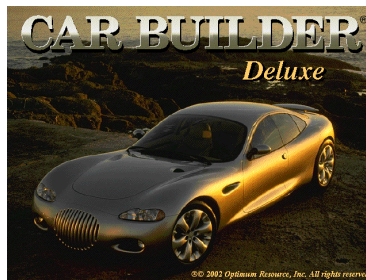

As "design engineers," users build cars on screen, specifying chassis length, wheelbase, engine type, transmission, suspension, steering, wheels, tires and brakes. All functional choices are interrelated and will affect the performance of the final design.

Next, users design the body of the car, now with complete pixel-by-pixel flexibility, adding windows, custom details and paint finishes.

The program then tests the car in a wind tunnel and around a test track, accumulating data about top speed, cornering ability, acceleration and braking.

A complete evaluation report is displayed and users can adjust, alter, save and print designs for comparison against future creations.

*Car Builder Deluxe* teaches principles involved in building aerodynamic, efficient and safe cars. It introduces users to computer-aided design (CAD), enhances problem-solving skills, and fosters an elementary knowledge of physics and automotive design.

Car designs and test results can be printed and stored for later use or modification.

Bilingual, English/Spanish

"Parent's Choice Award"  
*Parent's Choice Foundation*

"Only the Best"

*Highest Rated Software, ASCD*

"Guaranteed to capture the reluctant math and science student..."

*Instructional Systems Technology*

Lesson Plans and Supplemental Materials with School Versions and above.

Will run on Windows 2000, XP, Vista or PowerPC or Intel based Macs with OS X v.10.4 and above (specify DD). You may mix and match installations to either operating system. After activation the CD is no longer needed to run the program.

Suggested retail price

\$ 59.95 Single Version (1 Seat)

\$ 99.95 School Version  
(2 Seats & Lesson Plans)

\$269.95 Lab Pack (6 Seats & Lesson Plans)

\$699.95 Site License  
(30 Seats & Lesson Plans)

\$20.00 Per additional Seat, Lab and above

System Requirements Windows:  
A computer running Windows 2000, XP or Vista and 150 MB of free space on the hard drive.

System Requirements Macintosh:  
PowerPC G3, G4, G5 or higher, or Intel processor. Mac OS X v10.4 or above and 150 MB of free space on the hard drive.

Internet connection recommended, but fax or mail may be used for product activation.
